

**Subject:** Graduate Fellowships You Need to Know

Dear Graduate Students,

The key to graduate fellowships is finding one that fits you and your work. We have a lot of [advice](#) on our website about how to search for fellowships, but the list below is a good place to begin. The list includes several awards for those of you who plan to complete your master's degree in the spring. We also worked to include many opportunities for international students. Please see below!

## Upcoming Information Sessions

National Science Foundation Graduate Research Fellowship (NSF GRFP) Information Session  
GRFP recognizes and supports outstanding graduate students who have demonstrated the potential to be high achieving scientists and engineers. Applicants must be pursuing full-time research-based master's and doctoral degrees in science, technology, engineering, and mathematics (STEM) or in STEM education at accredited US institutions. Applicants must be a U.S. citizen, national, or permanent resident. Join us for an overview of the application process and for application tips. Please check your [eligibility](#) prior to attending a session.

- Monday, September 11, 2023 from 12:00 - 1:00 pm. Please [register](#) to receive the Zoom link.

DAAD - German Academic Exchange Service Study Scholarship and Research Fellowship Information Session

The DAAD is an excellent source of funding for study and research in Germany. Research grants are awarded primarily to highly qualified Ph.D. candidates who are early in their academic/professional careers or to individuals wishing to earn a doctoral degree in Germany.

- Tuesday, September 12, 2023 from 9:30 - 10:30 am. Please [register](#) to receive the Zoom link.

Funding in Graduate School – An Overview - Information Sessions

This session will provide an overview of graduate funding options with a focus on fellowships. Internal and external sources will be discussed, as well as information on available databases and steps to beginning a plan for funding.

- Tuesday, September 12, 2023 from 12:30 - 1:30 pm. Please [register](#) to receive the Zoom link.
- Wednesday, September 13, 2023 from 11:00 am - 12:00 pm. Please [register](#) to receive the Zoom link.

Hertz Fellowship Information Session

Join us to speak with Kevin Lin, Hertz Representative for the University of Arizona, about applying for the Hertz fellowship. The Foundation supports graduate students working towards a Ph.D. in mathematics or the applied physical, biological, and engineering sciences. Applicants must be U.S. citizens or permanent residents of the U.S. We ask that you read the fellowship [website](#) prior to attending.

- Thursday, September 14, 2023 from 11:00 am - 12:00 pm. Please [register](#) to receive the Zoom link.

## General Fellowships

The following descriptions are copied from each fellowship's website.

American Association of University Women Dissertation Fellowships

American Fellowships support women scholars completing doctoral dissertations, conducting postdoctoral research, or finishing research for publication. The purpose of the Dissertation Fellowship is

to offset a scholar's living expenses while she completes her dissertation. The fellowship must be used for the final year of writing the dissertation.

- *Deadline:* November 15, 2023
- *Citizenship:* U.S. Citizen or permanent resident
- *Website:* <https://www.aauw.org/resources/programs/fellowships-grants/current-opportunities/american/dissertation-fellowships/>

#### American Philosophical Society Fellowships and Grants

The American Philosophical Society maintains several grant or fellowship programs in a wide range of fields. The Blumberg Grants in Astrobiology, Franklin Research Grant, Lewis and Clark Fund, Lewis and Clark Fund in Astrobiology, Library David Center Fellowship, Library Digital Humanities Fellowship, Library Digital Knowledge Sharing Fellowship, Library Short-Term Fellowship, Library NASI Undergraduate Internship, and Phillips Fund for Native American Research programs award small amounts (\$1,000 to \$6,000) for modest research purposes. The Daland Fellowship in Clinical Investigation, John Hope Franklin Dissertation Fellowship, Library Long-Term Post-Doctoral Fellowship, Library Long-Term Pre-Doctoral Fellowship, and Mellon Curatorial Post-Doctoral Fellowship programs award much larger amounts (\$28,000 to \$60,000) in highly selective competitions.

#### P.E.O International Peace Scholarship

The International Peace Scholarship Fund, established in 1949, is a program which provides scholarships for selected women from other countries for graduate study in the United States and Canada. Members of P.E.O. believe that education is fundamental to world peace and understanding.

- *Deadline:* December 15, 2023 (opens September 15, 2023)
- *Citizenship:* Women who are not citizens or permanent residents of the U.S. or Canada
- *Website:* <http://www.peointernational.org/about-peo-international-peace-scholarship-ips>

#### Presidential Management Fellowship

PMF Program is a flagship leadership development program at the entry level for advanced degree candidates. The PMF Program inculcates a lasting bond as well as a spirit of public service, ultimately encouraging and leading to a career in the government. Your two-year appointment will provide a fast-paced opportunity to gain experience and develop your talents. You will be challenged with opportunities to flourish into a problem solver, strategic thinker and future leader. In addition to working at a single Federal agency, you may have the option to participate in a rotational opportunity at another agency. This highly selective, rigorous leadership program recruits recent graduates and current graduate students (who will complete an advanced degree by August 31st of the following year), particularly in (but not limited to) the areas of Accounting/Finance, Computer Science, Economics, Engineering, Foreign Policy/International Affairs, Environmental Science, Health/Medical Science, IT, Public Administration/Public Policy, and Public Health.

- *Deadline:* TBA – usually opens mid-September and closes late September
- *Citizenship:* Mostly U.S. citizenship with a few exceptions (but must be eligible to work under U.S. Immigration laws)
- *Website:* <https://www.pmf.gov/become-a-pmf/overview/>

#### Smithsonian Pre- and Post- Doctoral Fellowships and Internships

Hundreds of graduate students and holders of doctorates come to the Smithsonian to do independent research under the guidance of a member of world-class research staff. Fellows have the opportunity to study and work intensively with Smithsonian collections and experts in their fields and beyond. In addition, more than 1500 students pursue internships offered across the organization.

- *Deadline:* Varies according to opportunity
- *Citizenship:* See website
- *Website:* <https://www.si.edu/ofi>

#### Sultan Qaboos Cultural Center

In 2010, SQCC established its Research Fellowship Program, which aims to promote and cultivate scholarly research about Oman across several academic disciplines. The fellowship is open to PhD candidates and university academics who are US citizens or affiliated with an American university, and funds one scholar or team of scholars to carry out research in Oman each year. The fellowship awards up to \$51,000 for the fellow or team of fellows.

- *Deadline:* TBA – usually mid-September
- *Citizenship:* U.S. Citizen or affiliated with an American university
- *Website:* <https://www.sqcc.org/Scholarships-0024-Fellowships/Research-Fellowship-Program.aspx>

## Fellowships in the Arts, Humanities, & Social Sciences

The following descriptions are copied from each fellowship's website.

### Arizona Commission on the Arts Professional Development Grant

Professional Development Grants (PDG) are designed to assist Arizona artists, arts administrators, and arts educators with funding support for participation in professional development and skills-building activities which contribute to significant professional growth. Learning activities include (but are not limited to) the following: Participation in conferences or symposia; Artist residencies; Workshops, institutes, fellowships.

- *Deadline:* Varies
- *Citizenship:* See website
- *Website:* <https://azarts.gov/grants/>

### The Charlotte W. Newcombe Doctoral Dissertation Fellowship

The Charlotte W. Newcombe Doctoral Dissertation Fellowships are designed to encourage original and significant study of ethical or religious values in all fields of the humanities and social sciences, and particularly to help Ph.D. candidates in these fields complete their dissertation work in a timely manner. In addition to topics in religious studies or in ethics (philosophical or religious), dissertations appropriate to the Newcombe Fellowship competition might explore the ethical implications of foreign policy, the values influencing political decisions, the moral codes of other cultures, and religious or ethical issues reflected in history or literature.

- *Deadline:* TBA – usually mid-November
- *Citizenship:* Unrestricted
- *Website:* <https://citizensandscholars.org/fellowships/newcombe/>

### D. Kim Foundation Fellowship for the History of Science and Technology in East Asia

Welcome to the D. Kim Foundation for the History of Science and Technology in East Asia. The Foundation provides fellowships and grants to support graduate students and young scholars who are working in the history of science and technology in modern East Asia, regardless of their nationality, origins, or gender. Comparative studies of East Asia and the West as well as studies in related fields (mathematics, medicine and public health) are also welcome.

- *Deadline:* December 1, 2023
- *Citizenship:* Unrestricted
- *Website:* <http://dkimfoundation.org/wp1/fellowships/>

#### Getty Foundation Pre- and Postdoctoral Fellowships

Getty Predoctoral and Postdoctoral Fellowships are intended for emerging scholars to complete work on projects related to the Getty Research Institute's annual research theme (Extinction for 24-25), the African American Art History Initiative, or the Getty Villa's annual research theme (Anatolia: The Classical World in Context for 24-25). Recipients are in residence at the Getty Research Institute or Getty Villa, where they pursue research projects, complete their dissertations, or expand dissertation for publication. Fellows make use of the Getty collections, join in a weekly meeting devoted to the annual theme, and participate in the intellectual life of the Getty.

- *Deadline:* October 2, 2023
- *Citizenship:* Unrestricted
- *Website:*  
[http://www.getty.edu/foundation/initiatives/residential/getty\\_pre\\_postdoctoral\\_fellowships.html](http://www.getty.edu/foundation/initiatives/residential/getty_pre_postdoctoral_fellowships.html)

#### Harry Frank Guggenheim Emerging Scholar Awards – Study of Violence

These awards of \$25,000 each are designed to contribute to the support of the doctoral candidate to enable him or her to complete the thesis in a timely manner and are only appropriate for students approaching the final year of their Ph.D. work. Questions that interest the foundation concern war, terrorism, crime, and family and intimate partner violence, climate instability, and political extremism, among other subjects. Dissertations with no relevance to understanding human violence and aggression will not be supported. Priority will also be given to areas and methodologies not receiving adequate attention and support from other funding sources.

- *Deadline:* February 1, 2024 (opens November 1, 2023)
- *Citizenship:* Unrestricted
- *Website:* <https://www.hfg.org/emerging-scholars/>

#### Institute of Current World Affairs Fellowship

The ultimate aim of the ICWA fellowship program is to cultivate deep expertise in foreign countries and cultures. We achieve that by supporting fellows over two-year periods during which they carry out immersive programs of self-designed, independent study abroad. An ICWA fellowship represents a generous investment in a fellow's future. Applications must have completed the current phase of their formal education (though there is no education requirement).

- *Deadline:* TBA – LOIs typically due in late May or early June
- *Citizenship:* Unrestricted
- *Website:* <https://www.icwa.org/apply/>

#### NAEd/Spencer Dissertation Fellowship Program

The Dissertation Fellowship Program seeks to encourage a new generation of scholars from a wide range of disciplines and professional fields to undertake research relevant to the improvement of education. These \$27,500 fellowships support individuals whose dissertations show potential for bringing fresh and constructive perspectives to the history, theory, analysis, or practice of formal or informal education anywhere in the world.

- *Deadline:* October 5, 2023
- *Citizenship:* Unrestricted
- *Website:* <https://naeducation.org/naedspencer-dissertation-fellowship-program/>

#### Newberry Library Fellowships

Fellowships at the Newberry provide support for researchers who wish to use the collection. The Newberry administers annual competitions for both Short-Term Fellowships of one to two months and Long-Term Fellowships of four to nine months.

- *Deadline:* November 1 (Long-Term) and December 15 (Short-Term)
- *Citizenship:* Depends, see [eligibility requirements](#)
- *Website:* [www.newberry.org/fellowships](http://www.newberry.org/fellowships)

#### WW Dissertation Fellowships in Women's Studies

The WW Women's Studies Fellowships support the final year of dissertation writing for Ph.D. candidates in the humanities and social sciences whose work addresses topics of women and gender in interdisciplinary and original ways.

- *Deadline:* TBA – usually mid-October
- *Citizenship:* Unrestricted
- *Website:* <https://citizensandscholars.org/fellowships/ws/>

### Fellowships in Science, Technology, Engineering, & Math

The following descriptions are copied from each fellowship's website.

#### African Women in Agricultural Research and Development Flagship Fellowships

African Women in Agricultural Research and Development (AWARD) works toward inclusive, agriculture-driven prosperity for the African continent by strengthening the production and dissemination of more gender-responsive agricultural research and innovation. AWARD Fellows benefit from a two-year fellowship focused on fostering mentoring partnerships, building science skills, and developing leadership capacity. During the two-year fellowship, AWARD Fellows remain in their institutions, continue their research, and travel to AWARD training courses held in various locations across Africa.

- *Deadline:* TBA
- *Citizenship:* Participants must be women from specific African countries. See website for details.
- *Website:* <http://awardfellowships.org/>

#### American Heart Association Predoctoral Fellowships

To enhance the integrated research and clinical training of promising students who are matriculated in pre-doctoral or clinical health professional degree training programs and who intend careers as scientists, physician-scientists or other clinician-scientists, or related careers aimed at improving global cardiovascular health, cerebrovascular, and brain health. The AHA funds basic, clinical, behavioral, translational and population research, bioengineering/biotechnology and public health problems broadly related to fulfilling our mission to be a relentless force for a world of longer, healthier lives.

- *Deadline:* September 3, 2023
- *Citizenship:* see website
- *Website:* <https://professional.heart.org/en/research-programs/application-information/predoctoral-fellowship>

#### Department of Energy Computational Science Graduate Fellowship

The Department of Energy Computational Science Graduate Fellowship (DOE CSGF) program provides outstanding benefits and opportunities to students pursuing doctoral degrees in fields of study that use high performance computing to solve complex science and engineering problems. Those studying engineering and the physical, computer, mathematical or life sciences are encouraged to apply provided they meet the eligibility requirements. Fellowship support is available for four years and must be renewed annually.

- *Deadline:* TBA – Typically January (opens late Oct. 2023)
- *Citizenship:* U.S. Citizen or permanent residents

- *Website:* <http://www.krellinst.org/csgf>

#### DOE Office of Science Graduate Student Research (SCGSR) Program

The goal of the Office of Science Graduate Student Research (SCGSR) program is to prepare graduate students for science, technology, engineering, or mathematics (STEM) careers critically important to the DOE Office of Science mission, by providing graduate thesis research opportunities at DOE laboratories. The SCGSR program provides supplemental awards to outstanding U.S. graduate students to pursue part of their graduate thesis research at a DOE laboratory in areas that address scientific challenges central to the Office of Science mission. The research opportunity is expected to advance the graduate students' overall doctoral thesis while providing access to the expertise, resources, and capabilities available at the DOE laboratories.

- *Deadline:* November, 2023
- *Citizenship:* U.S. Citizen or permanent resident

#### DOD Science, Mathematics and Research for Transformation (SMART) Scholarship for Service

The SMART Scholarship-for-Service Program was established as a concentrated effort to enhance the Department of Defense (DoD) workforce with talented, innovative and brilliant scientists, engineers and researchers. The SMART Scholarship-for-Service Program is an opportunity for students pursuing an undergraduate or graduate degree in Science, Technology, Engineering, and Mathematics (STEM) disciplines to receive a full scholarship and guaranteed civilian employment with the Department of Defense (DoD) upon degree completion.

- *Deadline:* December 1, 2023
- *Citizenship:* a citizen of the U.S., Australia, Canada, New Zealand, or United Kingdom
- *Website:* <https://www.dodstem.us/participate/smart/>

#### EQUALS in Tech Awards

Every year, awards are given to people who are helping girls and women get equal access, skills and opportunities online and in the tech industry. The sponsor is looking for innovative initiatives and projects promoting gender equality online and in the tech sector. Eligible initiatives and projects should: reach girls and women in an impactful way; have the potential to scale or be replicated once reconfigured/adapted to other contexts; be innovative; and work in collaboration with partners. Awards are given in the following categories: access, skills, leadership in Tech, leadership in SMEs, and research.

- *Deadline:* September 3, 2023
- *Citizenship:* Unrestricted

#### Garden Club of America Scholarships

The Garden Club of America offers 29 merit-based scholarships, and awards in 12 areas related to conservation, ecology, horticulture, and pollinator research.

- *Deadline:* November 1, 2023 - February 28, 2024, application deadlines vary based on specialty
- *Citizenship:* U.S. Citizen
- *Website:* <https://www.gcamerica.org/scholarships>

#### GEM Consortium Fellowships in Engineering and Science

The mission of The National GEM Consortium is to enhance the value of the nation's human capital by increasing the participation of underrepresented groups (African Americans, American Indians, and Hispanic Americans) at the master's and doctoral levels in engineering and science. GEM provides three Fellowship Programs. 1. MS Engineering Fellowship Program: The objective of this program is to

promote the benefits of a masters degree within industry. 2.Ph.D. Engineering Fellowship: The objective of this program is to offer doctoral fellowships to underrepresented minority students who have either completed, are currently enrolled in a master's in engineering program, or received admittance into a PhD program directly from a bachelor's degree program. 3. Ph.D. Science Fellowship: The goal of this program is to increase the number of minority students who pursue doctoral degrees in the natural science disciplines.

- *Deadline:* October 1 (Part 1, early consideration) and November 10 (Part 2)
- *Citizenship:* U.S. Citizen or permanent resident

#### Graduate Fellowships for Science, Technology, Engineering, and Mathematics Diversity

The Graduate Fellowships for Science, Technology, Engineering, and Mathematics Diversity is a partnership between government agencies and laboratories, industry, and higher education. Their goal is to increase the number of American citizens with graduate degrees in the physical sciences and related engineering fields, emphasizing recruitment of a diverse applicant pool including women and minorities. The Graduate Fellowship is unique in being: open to all American citizens; lasting for up to six years; providing a \$20,000 annual stipend; covering tuition; allowing a fellow also to hold a research or teaching assistantship; including one or two paid summer internships with a government agency; providing a mentor and the opportunity for a lasting relationship with the sponsor.

- *Deadline:* January 2024 (opens late August)
- *Citizenship:* U.S. Citizen
- *Website:* <https://stemfellowships.org/applicants/>

#### Graduate Women in Science National Fellowship Program

The Graduate Women in Science (GWIS) National Fellowship Program helps fund research in the natural sciences and promotes academic and professional careers for women in science. Awards will be made to women holding a degree from a recognized institution of higher learning, of outstanding ability and promise in research, who are performing hypothesis-driven research at any institution in the U.S. or abroad. Funding Requests of up to \$10,000 will be considered.

- *Deadline:* January 2024
- *Citizenship:* Unrestricted

#### Hertz Fellowships in Science and Technology

The Foundation supports graduate students working towards the Ph.D. degree in the applied physical, biological, and engineering sciences. These fields include applied physical and biological sciences, mathematics, or engineering. Applicants must be willing to morally commit to make their skills available to the United States in time of national emergency.

- *Deadline:* October 27, 2023 (opens August 2023)
- *Citizenship:* U.S. Citizen or permanent resident of the U.S.
- *Website:* <http://www.hertzfoundation.org>
- Applicant Support is available for UArizona students who register here: <https://gradcenter.arizona.edu/gcof/application-development-programs/fall-application-development-program>

#### Link Foundation Energy Fellowship

To foster education and innovation in the area of societal production and utilization of energy, the Link Foundation invites applications for two-year fellowships for students working toward a Ph.D. degree.

- *Deadline:* December 1, 2023 (opens September 2023)
- *Citizenship:* Unrestricted
- *Website:* <http://www.linkenergy.org/>

### Link Foundation Modeling, Simulation & Training Fellowships

The Link Foundation supports programs to foster the theoretical basis, practical knowledge, and application of energy, simulation, and ocean engineering and instrumentation research, and to disseminate the results of that research through lectures, seminars, and publications.

- *Deadline:* March 2024
- *Citizenship:* Unrestricted
- *Website:* <http://www.linksim.org/>

### National Defense Science and Engineering Graduate Fellowship Program (NDSEG)

The National Defense Science and Engineering Graduate Fellowship Program (NDSEG) of the US Department of Defense is intended for students at or near the beginning of graduate study for doctoral degrees in mathematical, physical, biological, and engineering sciences. It is a three-year award, which includes a stipend, plus full tuition and fees, not including room and board as a means of increasing the number of U.S. citizens and nationals trained in science and engineering disciplines of military importance.

- *Deadline:* November 3, 2023 (opens September 1, 2023)
- *Citizenship:* U.S. Citizen or national
- *Website:* <https://ndseg.sysplus.com/NDSEG/About/>

### National Institutes of Health (NIH) Ruth L. Kirschstein National Research Service Award (NRSA) Individual Predoctoral Fellowship

Five to six years of funding to obtain individualized, mentored research training from outstanding faculty sponsors while conducting research in scientific health-related fields relevant to the missions of the participating NIH Institutes and Centers.

- *Deadline:* December 8, 2023 (Cycle III); April 8 (Cycle I); August 8 (Cycle II)
- *Citizenship:* U.S. Citizen or permanent resident
- *Website:* <https://researchtraining.nih.gov/programs/fellowships>

## Postdoctoral Fellowships

The following descriptions are copied from each fellowship's website.

### AAAS Science & Technology Policy Fellowships

Providing opportunities for outstanding scientists and engineers to learn first-hand about federal policymaking while using their knowledge and skills to address today's most pressing societal challenges. Fellows serve yearlong assignments in the executive, legislative and judicial branches of the federal government in Washington. AAAS seeks candidates from a broad array of backgrounds and a diversity of geographic, disciplinary, gender, and ethnic perspectives as well as disability status. Fellows have ranged in age from late 20s to early 70s. They represent a spectrum of career stages, from recent PhD graduates to faculty on sabbatical to retired scientists and engineers. Fellows also come from a range of sectors, including academia, industry, non-profit organizations, and government labs.

- *Deadline:* November 1, 2023
- *Citizenship:* U.S. Citizen
- *Website:* <https://www.aaas.org/program/science-technology-policy-fellowships>

#### American Cancer Society Postdoctoral Fellowships

American Cancer Society (ACS) offers several up to 3-year awards to support the training and funding of researchers who have just received their doctorate. Applicants should be aiming to pursue an independent career in cancer research. Fellows will focus on improving health conditions, advocating health equity, and advancing cancer-related training, research, and treatment. Fellows will attend the ACS Postdoctoral Fellows Symposium or a domestic scientific meeting.

- *Deadline:* April 1 & October 15
- *Citizenship:* U.S. Citizen or non-citizen with an appropriate visa
- *Website:* <https://www.cancer.org/research/we-fund-cancer-research/apply-research-grant/grant-types/postdoctoral-fellowships.html>

#### Christine Mirzayan Science & Technology Policy Graduate Fellowships

Graduate and professional school students and those who have completed graduate studies (degree awarded) within the last five years may apply. Areas of study may include any social/behavioral science, medical/health discipline, physical or biological science, any field of engineering, law/business/public administration, or any relevant interdisciplinary fields.

- *Deadline:* October 16, 2023
- *Citizenship:* Applicants who are not U.S. Citizens or U.S. permanent residents must hold one of the following visas: F-1 Students using CPT (Curricular Practical Training); F-1 Students using OPT (Optional Practical Training); J-2 Dependents; J-1 Students using academic training; J-1 Research Scholars with written approval of their Responsible Officer; DACA recipients; Adjustment Applicants, Refugees, Asylees, and Selected other visa classes
- *Website:* <https://mirzayanfellow.nas.edu/>

#### Hench Post-Dissertation Fellowship of the American Antiquarian Society

The American Antiquarian Society (AAS) awards a yearlong fellowship to provide an opportunity for scholars to research and revise dissertations for publication. Candidates will conduct post-dissertation research relevant to the Society's library collections and programmatic scope: American history and culture through 1876. A multitude of topics are compatible for the Hench Fellowship as long as it is relevant to the society's library collections.

- *Deadline:* October 15, 2023
- *Citizenship:* Unrestricted
- *Website:* <https://www.americanantiquarian.org/hench>

#### Innovative Postdoctoral Entrepreneurial Research Fellowships

Funded by the National Science Foundation, the Innovative Postdoctoral Research Fellowship (IPERF) defines a new career pathway for entrepreneurial-minded doctorate degree holders in science and engineering (S&E). IPERF addresses overlapping aims and directives of the NSF and the Small Business Administration (SBA) to: 1. Accelerate innovation at small businesses that support federal government

research needs. 2. Broaden participation in small business innovative research and high-tech entrepreneurship. 3 Provide non-academic opportunities to apply advanced knowledge under business constraints. 4. Increase the number of high-tech businesses started by underserved doctoral degree holders.

- *Deadline:* TBA
- *Citizenship:* U.S. Citizen, national, or permanent resident
- *Website:* <https://iperf.asee.org/>

#### NSF Social, Behavioral and Economic Sciences Postdoctoral Research Fellowships

The Directorate for Social, Behavioral and Economic Sciences (SBE) offers Postdoctoral Research Fellowships to encourage independence early in the Fellow's career through supporting his or her research and training goals. The research and training plan of each Fellowship must address important scientific questions within the scope of the SBE Directorate and the specific guidelines in this solicitation. The SPRF program offers two tracks: (I) Fundamental Research in the SBE Sciences (SPRF-FR) and (II) Broadening Participation in the SBE Sciences (SPRF-BP).

- *Deadline:* November 1, 2023
- *Citizenship:* U.S. citizen, national, or legally admitted permanent resident alien of the U.S.
- *Website:* [https://www.nsf.gov/funding/pgm\\_summ.jsp?pims\\_id=504810](https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=504810)

#### University of Arizona President's Postdoctoral Program

University of Arizona joined a collaborative partnership with the University of California to offer postdoctoral fellowship opportunities at the University of Arizona. In this partnership, the University of Arizona offers postdoctoral research fellowships in all fields, coupled with faculty mentoring, professional development, and academic networking opportunities. The University of Arizona views these presidential postdoctoral fellowships as an exceptional opportunity to recruit potential new faculty to the University whose research, teaching, and service will contribute to diversity and equal opportunity at UArizona.

- *Deadline:* November 1, 2023 (opens September 1)
- *Citizenship:* Successful applicants must present documents demonstrating that they are legally authorized to work in the United States. Individuals granted deferred action status under the Deferred Action for Childhood Arrivals program are encouraged to apply.
- *Website:* <https://presidentspostdoc.arizona.edu/>

#### Schlumberger Foundation Faculty for the Future Fellowship for Women from Developing and Emerging Economies

Faculty for the Future fellowships are awarded to women from developing and emerging economies who are preparing for PhD or post-doctoral study in the STEM disciplines to pursue advanced graduate study at top universities in their disciplines abroad.

- *Deadline:* November 11, 2023
- *Citizenship:* Citizen of a developing country
- *Website:* <https://www.fftf.slb.com>

#### Sloan Research Fellowships

The Sloan Research Fellowships seek to stimulate fundamental research by early-career scientists and scholars of outstanding promise. These two-year, \$75,000 fellowships are awarded yearly to researchers in recognition of distinguished performance and a unique potential to make substantial contributions to their field. Candidates must be members of the faculty of a college, university, or other degree-granting institution in the U.S. or Canada. Candidates must hold a Ph.D. (or equivalent) in chemistry, computer science, Earth system science, economics, mathematics, neuroscience, physics, or a related field.

- *Deadline:* September 15, 2023

- *Citizenship:* Unspecified
- *Website:* <https://sloan.org/fellowships/>
