

Summer 2023 GradFunding – Smithsonian Fellowships, Embroiderers’ Guild, Fulbright, and more

*Dear Graduate Students,*

*The GradFunding Newsletter will be on a summer break until August. For those who are finishing your graduate work and want to get off this list, please send me an email stating, “remove from GradFunding list.”*

*Remember, the summer is the best time to work on fellowship applications, and we can help through our [Summer Fellowship Application Development Program](#). The application deadline is May 17.*

*Shelley and Bethany*

\* Indicates U.S. citizenship or permanent residence not required

\*\*If the links to opportunities do not work, please click “view entire message” at the bottom of the email

## ANNOUNCEMENTS

---

### Summer Fellowship Application Development Program

If you plan to work on a fellowship application for graduate study over the summer, we can help. The Summer Fellowship Application Support Program provides advice, deadlines, and feedback on your drafts.

- *Deadlines:* April 26, 2023 (priority application deadline); May 17, 2023 (additional deadline)
- *Citizenship:* There are no citizenship requirements to participate in the program. However, please review the full eligibility requirements of the funding opportunity.
- *Program website:* <https://gradcenter.arizona.edu/gcof/summer-fellowship-application-development-program>
- *Questions:* Contact Shelley Hawthorne Smith at [shellh@arizona.edu](mailto:shellh@arizona.edu) or Valeria Quijada at [valeriaq@arizona.edu](mailto:valeriaq@arizona.edu)

### Interested in Fulbright? Get in touch with ONCS now!

Fulbright is the flagship program for international educational exchange for the U.S. government, promoting mutual understanding between the people of the United States and people of other countries in the world. The Fulbright has a deadline early in the fall semester, so the time to get in touch with the Office of Nationally Competitive Scholarships is now. The ONCS provides information about the application and nomination process and offers mentoring to those wishing to apply.

- *Contact:* Valeria Quijada at [valeriaq@arizona.edu](mailto:valeriaq@arizona.edu)
- *ONCS website:* <https://oncs.arizona.edu/>
- *Citizenship:* Applicants must be citizens or nationals of the United States of America at the time of the application deadline.
- *Program website:* <https://us.fulbrightonline.org/>

---

## GENERAL FUNDING OPPORTUNITIES

---

### American Association of University Women (AAUW) Fellowships & Grants (graduate and postdocs)

At AAUW, we've led the fight for fair pay and economic opportunity for women—and the battle continues: Women still get just 82 cents for every dollar paid to a man, and men continue to dominate the top roles and highest-paying professions. Though we are nonpartisan, we are not values-neutral: We fight to remove the barriers and biases that stand in the way of gender equity. We train women to negotiate for pay and benefits and to pursue leadership roles. And we advocate for federal, state and local laws and policies

to ensure equity and end discrimination. We offer several fellowships and grants, including: [American Fellowships](#) (\$8,000-\$50,000); [Career Development Grants](#) (\$2,000-\$20,000); [Community Action Grants](#) (\$3,000-\$10,000); [International Fellowships](#) (\$20,000-\$50,000); [International Project Grants](#) (\$5,000-\$7,000); [Research Publication Grant in Engineering, Medicine and Science](#) (\$10,000-\$35,000); and [Selected Professions Fellowships](#) (\$20,000). Application portals open August 1.

- *Deadline:* Varies by opportunity. Deadlines are in November 2023 and December 2023.
- *Citizenship:* Varies by opportunity
- *Website:* <https://www.aauw.org/resources/programs/fellowships-grants/current-opportunities/>

### [American Institute of Indian Studies – Dissertation Research, Performing/Creative Arts, and Post-PhD Fellowships](#)

For 60 years, the American Institute of Indian Studies has provided funding to pre- and post-doctoral scholars and artists in pursuit of knowledge about India. Junior Fellowships are for graduate students conducting research for their doctoral dissertations in India. Senior Long- and Short-term Fellowships are for those holding the PhD degree. Performing and Creative Arts Fellowships are available to accomplished practitioners of the arts to conduct their projects in India. Approximately 35 fellowships are awarded each year.

- *Deadline:* TBD; last year's deadline was mid-November
- *Citizenship:* Unrestricted
- *Website:* <http://www.indiastudies.org/research-fellowship-programs/>

### [Fulbright U.S. Student Program](#)

The Fulbright U.S. Student Program awards grants to support study, research, or English teaching abroad in more than 135 countries. The Fulbright was created in 1946 by the U.S. Congress to foster mutual understanding among cultures and nations. It is sponsored by the U.S. Department of State and functions abroad in cooperation with Fulbright Commissions and Foundations, along with U.S. embassies. Typically, Fulbright grant winners receive enough funding to support a full academic year in one country. Many Fulbright applicants propose self-designed study or research projects, but there are other opportunities available through the Program, including participating in already established research projects and serving as an English Teaching Assistant (ETA). Visit the opportunity website for information about the full range of grants.

- *Deadline:* early September (UA campus deadline); October 10, 2023 (final national deadline)
- *Citizenship:* U.S. citizen
- *Website:* <http://us.fulbrightonline.org/about/types-of-grants>
- *Site Contact:* If you are interested in applying or simply want more information, contact the [Office of Nationally Competitive Scholarships](#) at [oncs@arizona.edu](mailto:oncs@arizona.edu). Students must apply through this office.

### [Gettysburg College Consortium for Faculty Diversity in Liberal Arts Colleges Dissertation and Postdoctoral Fellowships](#)

Applications are invited in all disciplines. Fellowship recipients must be either U.S. citizens or permanent residents committed to and willing to contribute to enhancing the diversity of Consortium colleges and their faculties. Furthermore, candidates should have no more than five years of teaching or relevant experience before the starting date of the most recent fellowship. Two types of residential fellowship awards are available under this program, and appointed fellows are expected to relocate to the appointing college or university for the duration of the fellowship: The Dissertation Fellowship and The Postdoctoral Fellowship.

- *Deadline:* Opens July 1 (due late March)
- *Citizenship:* U.S. citizen or permanent resident
- *Website:* <https://www.gettysburg.edu/offices/provost/consortium-for-faculty-diversity/fellowships/>

### **Nuclear Energy Justice Policy Fellow - DOE Office of Nuclear Energy (NE)**

The U.S. Department of Energy (DOE) Science, Technology and Policy (STP) Program serves as a next step in the educational and professional development of scientists and engineers by providing opportunities to participate in policy-related projects at DOE's Office of Nuclear Energy (NE) in Washington, D.C. Participants will become part of a group of highly-trained scientists and engineers with the education, background, and experience to be part of the workforce that supports the DOE's mission in the future. You will have opportunities to enhance your quantitative and qualitative reasoning, critical thinking and problem solving, communication, and teamwork skills. You will receive training, mentoring, and additional support to effectively accomplish internship goals. Participants will receive a stipend to be determined by NE, and are typically based on the participant's academic standing, discipline, experience, and research facility location.

- *Deadline:* Rolling
- *Citizenship:* U.S. Citizens
- *Website:* <https://www.zintellect.com/Opportunity/Details/DOE-STP-NE-2022-6000>

### **SOPHE/CDC Student Fellowship in Injury Prevention**

The Student Fellowship in Injury Prevention is funded by the CDC's National Center for Injury Prevention and Control. The fellowship recognizes, assists and trains students working on research or practice-based projects in unintentional injury prevention from the perspective of health education or the behavioral sciences. Apply if your project is related to: drug overdose, transportation/motor vehicle related injury, older adult fall prevention, drowning, suicide, and/or concussion/traumatic brain injury. This can include projects in surveillance and surveys, risk factor identification, educational and policy interventions, evaluations, replications, translation, economics, community promotion, dissemination research, communications. Settings include schools, workplaces, health care, and communities. Applicants must be a full-time student (9 credit hours or more) in a master's or doctoral degree program in health education, health promotion, behavioral sciences or a related field.

- *Deadline:* June 30, 2023

- *Citizenship:* Unspecified
- *Website:* <https://www.sophe.org/about/awards-fellowships-scholarships/sophecdc-student-fellowship-injury-prevention/>

**Sultan Qaboos Cultural Center (SQCC) Sabla Program Scholarship for Learning Arabic**  
 Sabla is an intensive language and cultural immersion program for American undergraduate and graduate students. For five weeks each summer, students from across the U.S. can study Arabic at SQCC on scholarship. The program is an intensive summer language experience designed to benefit current university-level students and recent graduates. Courses are offered at four different levels: Advanced Beginning, Low Intermediate, High Intermediate and Advanced. The program emphasizes the instruction of Modern Standard Arabic or MSA (fusha). This academic scholarship covers the cost of classes only. Students will be responsible to pay for their airfare ticket to D.C., accommodation, and food, excursions (most museums in D.C. are free to the public) and any other miscellaneous living expenses for the duration of their stay in Washington, D.C.

- *Deadline:* May 19, 2023
- *Citizenship:* Unspecified
- *Website:* <https://www.sqcc.org/Arabic-Language-Program/SABLA-Summer-Arabic-Language-Immersion.aspx>

#### **Tech Launch Az Student Entrepreneurial Fellow**

UA Tech Launch Arizona and the Graduate College collaborate to provide U.S. citizen or Permanent Resident degree-seeking graduate students (main campus only) to gain practical startup company and technology commercialization experience. The selected Fellow will receive an hourly wage from Tech Launch and \$10,000 Graduate Tuition Scholarship from the UA Graduate College that will apply to the fall and/or spring base graduate semester tuition during the Fellow's tenure as a Student Entrepreneurial Fellow. Please note if the Fellow is concurrently appointed as a graduate assistant/associate (GA) at .50 FTE or higher, the tuition award will not apply due to the full tuition coverage provided as a benefit of the GA appointment. Applicants must be degree-seeking graduate student admitted to a main campus Master's or doctoral program at the University of Arizona.

- *Deadline:* Open until filled.
- *Citizenship:* U.S. citizens or permanent residents
- *Website:* <https://grad.arizona.edu/funding/opportunities/tech-launch-az-student-entrepreneurial-fellow>
  - <https://techlaunch.arizona.edu/about/job-opportunities>

#### **The Paul & Daisy Soros Fellowships for New Americans**

Every year, The Paul & Daisy Soros Fellowships for New Americans supports thirty New Americans, immigrants or the children of immigrants, who are pursuing graduate school in the United States. Each Fellowship supports one to two years of graduate study in any field and in any advanced degree-granting program in the United States. Each award is for up to a total of \$90,000. Each Fellow receives \$25,000 in stipend support a year (all stipend awards are capped at \$50,000 per year), as well as 50 percent of

required tuition and fees, up to \$20,000 per year, for one to two years. The first year of Fellowship funding cannot be deferred. Most importantly, new Fellows join a strong community of current and past Fellows who all share the New American experience.

- *Deadline:* October 26, 2023
- *Citizenship:* Unrestricted
- *Website:* <https://www.pdsoros.org/apply>

---

## FUNDING OPPORTUNITIES IN THE ARTS, HUMANITIES, & SOCIAL SCIENCES

---

### Coordinating Council for Women in History (CCWH) Ida B. Wells Graduate Student Fellowship

The CCWH Ida B. Wells Graduate Student Fellowship is an annual award of \$1000 given to a graduate student working on a historical dissertation that interrogates race and gender, not necessarily in a history department. The award is intended to support either a crucial stage of research or the final year of writing. The applicant must be a CCWH member; must be a graduate student in any department of a U.S. institution; must have passed to A.B.D. status by the time of application; may hold this award and others simultaneously; and need not attend the award ceremony to receive the award.

- *Deadline:* May 15, 2023
- *Citizenship:* Unspecified
- *Website:* <https://theccwh.org/awards>

### Embroiderers' Guild of America (EGA) Research Fellowship Grant Award

EGA offers scholarships and awards to encourage study and excellence in needlework. Amounts awarded may vary each year. See all our Scholarships & Awards below. For more information, contact our Scholarships & Awards Chair at [Scholarships@egausa.org](mailto:Scholarships@egausa.org). The Research Fellowship Grant Award is offered for in-depth research in all areas of embroidery and allied textile arts, and to create a basis for dialogue between EGA and other grant and research institutions. Grants of up to \$1,000 are awarded annually.

- *Deadline:* June 1
- *Citizenship:* Unrestricted
- *Website:* <https://egausa.org/scholarships-and-awards/>

### John F. Kennedy Library Foundation Research Fellowships and Grants

The John F. Kennedy Library Foundation, the nonprofit organization that supports the federal John F. Kennedy Presidential Library, offers research fellowships and grants every year to support scholars who need to use the archival holdings of the JFK Library. Candidates can apply for only one fellowship per year, but the Fellowship Committee will assess each application with the most relevant fellowship opportunity in mind. Fellowship stipends range from \$3,100 to \$5,000 awards.

- *Deadline:* September 30 (most awards); November 1 (Hemingway Grant)

- *Citizenship:* Unspecified
- *Website:* <http://www.jfklibrary.org/Research/Research-Grants-and-Fellowships.aspx>

### Smithsonian Institution (SI) National Museum of African American History and Culture Internships & Fellowships

Internships at the National Museum of African American History and Culture offer college and graduate students and recent graduates opportunities to work closely with professionals and scholars in the museum field. The museum provides a dynamic learning environment and access to supportive mentors that help interns reach their educational and professional goals. Interns can gain practical museum skills and program development experience in a variety of positions from education to collections to public relations. The National Museum of African American History and Culture will offer available internships as either virtual (online and remote) or hybrid (virtual with the opportunity for 1-2 days onsite a week as scheduled) experiences to meet current health and safety guidelines set forth by the Smithsonian Institution. Applicants must have the ability to work a minimum of twenty hours per week. Paid and unpaid internships are available.

- *Deadline:* July 15 (fall application); October 15 (spring application); March 15 (summer application)
- *Citizenship:* Unrestricted
- *Website:* <https://nmaahc.si.edu/learn/internships-fellowships>

### Society for American Music Eileen Southern Fellowship

The Eileen Southern Fellowship is awarded competitively to scholars at any phase of their careers in support of research on music of the African diaspora in the Americas. The fellowship may support research expenses for archival or ethnographic research, including but not limited to travel expenses, lodging, books, and media resources. The award is offered once annually. The maximum award is \$1,000. A one-page budget and final report are to be submitted by the recipient to the Executive Director of the Society no more than one year after the award is presented.

- *Deadline:* November 1
- *Citizenship:* Unspecified
- *Website:* <https://www.american-music.org/page/SouthernFWP>

### Society for the Psychological Study of Social Issues (SPSSI) Clara Mayo Grants

The Clara Mayo Grant program was set up to support masters' theses or pre-dissertation research on aspects of sexism, racism, or prejudice, with preference given to students enrolled in a terminal master's program. Studies of the application of theory or the design of interventions or treatments to address these problems are welcome. Up to six grants will be awarded each cycle. The maximum amount of any grant is \$1,000.

- *Deadline:* May 15; October 15
- *Citizenship:* Unrestricted
- *Website:* <https://www.spssi.org/index.cfm?fuseaction=page.viewpage&pageid=727>

### Ucross Foundation General Studio Residency for Artists

Ucross strives to provide a respectful, comfortable, and productive environment, freeing artists from the pressures and distractions of daily life. Each year, we provide residencies to approximately 100 individuals. Residencies range from two weeks to six weeks in length. At any one time, there are up to ten individuals in residence, typically four writers, four visual artists, and two composers. Ucross provides each artist with living accommodations, meals, work space, and uninterrupted time so that the artists can focus on their creative process. The residency program is open to visual artists, writers, composers, choreographers, interdisciplinary artists, performance artists, and collaborative teams.

- *Deadline:* September 1 (Spring Session); March 1 (Fall Session)
  - *Citizenship:* Unrestricted
  - *Website:* <https://www.ucrossfoundation.org/residency-program.html>
- 

## FUNDING OPPORTUNITIES IN SCIENCE & ENGINEERING

---

### ABC Humane Wildlife Women in STEM Academic Scholarship

At ABC Wildlife, we believe diversity is critical in every scientific field from biology to chemical engineering. As a woman-owned corporation operating in a largely male field, we understand the remarkable impact women can have. We want to pave the way for other women pursuing their dreams in the scientific world, which is why ABC Wildlife is introducing a scholarship designed to increase the number of women studying and influencing the future of science, including technology, engineering and math. One award of \$1,000 will be granted to the top essay submitted, and up to nine other students may receive awards for their submissions.

- *Deadline:* July 1, 2023
- *Citizenship:* Unrestricted
- *Website:* <https://abcwildlife.com/academic-scholarship>

### American Physical Society (APS) M. Hildred Blewett Fellowship

The award was established from a generous bequest from [M. Hildred Blewett](#), an accelerator physicist who died in 2004. Hildred Blewett was passionate about physics and wanted to help women overcome obstacles by establishing the fellowship. To enable women to return to physics research careers after having had to interrupt those careers. The fellowship consists of a one-year award of up to \$45,000. Allowed expenses include dependent care (limited to 50% of the award), salary, travel, equipment, and tuition and fees. Overhead charges by the institution are not allowed.

- *Deadline:* June 1, 2023
- *Citizenship:* U.S. or Canadian citizen or legal resident, or resident alien eligible to work in the United States or Canada
- *Website:* <https://www.aps.org/programs/women/scholarships/blewett/index.cfm>

### NASA International Internship (NASA I<sup>2</sup>) Program

NASA I<sup>2</sup> seeks to better prepare all students to work in a global environment and on multicultural international missions. NASA and the nation benefit from a cadre of future scientists, engineers and other professionals who become familiar and experienced in multinational environments. Internship sessions are arranged in three sessions during the calendar year (spring, summer and fall). Applicants must also be: currently pursuing an undergraduate or graduate degree in science, technology, engineering or mathematics (STEM) in a topic relevant to NASA's mission priorities; maintaining high academic standing; demonstrating an active interest in the U.S. space program; and communicating proficiently in English.

- *Deadline:* See announcements at <https://www.nasa.gov/careers/pathways>
- *Citizenship:* Citizens of Australia, Brazil, Canada, Europe, Israel, Jordan, Lithuania, Mexico, New Zealand, Norway, Portugal, South Korea, Sweden, Trinidad and Tobago, and United Arab Emirates
- *Website:* <https://www.nasa.gov/stem/international-internships-for-students.html>

### National League for Nursing (NLN) Nursing Education Scholarship Awards

We are proud to be the first member organization providing scholarships specifically to nurse educators. The NLN Foundation for Nursing Education offers scholarships of up to \$8,000 each year to support the NLN's mission to build a strong and diverse nursing workforce to advance the health of the nation and the global community. These scholarships are awarded to nurses pursuing advanced degrees to advance their career as a full-time nurse educator. The funds are for master's or doctoral students enrolled in accredited programs who have completed at least one full year of study and have completed program/project feasible (i.e., IRB approved for research, dissertation proposal defended, capstone project approved, QI or change initiative approved). NLN Foundation wants to encourage more experienced and ethnically diverse nurses to pursue advanced degrees to prepare for full-time positions as nurse educators.

- *Deadline:* May 22, 2023
- *Citizenship:* Unspecified
- *Website:* <https://www.nln.org/nln-foundation/foundationoverview/nursing-education-scholarship-awards>

### Naval Research Enterprise Internship Program

The Naval Research Enterprise Internship Program (NREIP) provides an opportunity for college students to participate in research at a Department of Navy (DoN) laboratory during the summer. The goals of NREIP are to encourage participating college students to pursue science and engineering careers, to further education via mentoring by laboratory personnel and their participation in research, and to make them aware of DoN research and technology efforts, which can lead to employment within the DoN. This ten-week intern program is designed to provide opportunities for undergraduate and graduate students to participate in research, under the guidance of an appropriate research mentor, at a participating Navy laboratory.

- *Deadline:* Application opens August 1

- *Citizenship:* U.S. Citizen. Permanent Residents and Dual Citizens may be accepted at a few labs.
- *Website:* <https://navalsteminterns.us/nreip/>

### The National Academies of Sciences, Engineering, and Medicine NETL Methane Hydrates Fellowship Program (graduate and postdocs)

The National Academies of Sciences, Engineering, and Medicine, in association with the U.S. Department of Energy's National Energy Technology Laboratory (NETL), administers a Research Fellowship Program designed to support the development of Methane Hydrate science and enable highly qualified graduate and postgraduate students to pursue advanced degrees and training in an area of increasing national interest. With respect to the energy production potential of gas hydrates, interest is in projects that will provide improved tools, methods, and information relative to the remote detection, characterization, and appraisal of production potential of Methane Hydrates. With respect to gas hydrates as a part of the global environment, interest is in projects that provide an improved understanding of the processes that control the distribution, occurrence, and stability of gas hydrates in marine and permafrost settings.

- *Deadline:* August 1; February 1
- *Citizenship:* U.S. citizen
- *Website:* [https://sites.nationalacademies.org/PGA/RAP/pga\\_050408](https://sites.nationalacademies.org/PGA/RAP/pga_050408)

### The National Academies of Sciences, Engineering, and Medicine Airport Cooperative Research Program Graduate Research Award

The ACRP (Airport Cooperative Research Program) Graduate Research Award (GRA) is intended to stimulate thought, discussion, and research by those who may become the future airport managers, operators, designers, and policymakers in aviation. The focus of this graduate student research program is on applied research on airport and related aviation system issues to help the public sector continue to improve the quality, reliability, safety, and security of the U.S. civil aviation system well into the foreseeable future. The Graduate Research Award offers a stipend as well as the opportunity for the student's final research paper to be published in the Transportation Research Record and to present their work at the Transportation Research Board's Annual Meeting. In addition to the faculty research advisor at the students' institutions, students benefit from expert advisors assigned by the ACRP to mentor the student during the research process.

- *Deadline:* May 15, 2023 (electronic application due)
- *Citizenship:* U.S. or Canadian citizens, permanent residents, or current student visa holders
- *Website:* <http://www.trb.org/ACRP/GraduateResearchAwards.aspx>

### The National GEM Consortium GEM Fellowship Program (for engineering and science research)

GEM's fellowship programs span the entire recruitment, retention, and professional development spectrum. GEM's principal activity is the provision of graduate fellowships at the MS and PhD levels coupled with paid summer internships. GEM also offers fellowships without paid summer internships through our GEM University and

Associate Fellowship programs. MS Engineering Fellows are provided practical engineering summer work experiences through an employer sponsor and a portable academic year fellowship of tuition, fees, and a stipend which may be used at any participating GEM Member University where the GEM Fellow is admitted. During the first academic year of being awarded the Ph.D. Engineering Fellowship, the GEM Consortium remits a stipend and a cost of instruction grant to the institution where the fellow is enrolled. Thereafter, up to the fifth year of the doctoral program, continued financial support of the GEM Fellow is borne by the GEM University through alternative sources of funding such as institutional awards, assistantships or other external fellowships. Ph.D. Science Fellows will be granted the same latter award.

- *Deadline:* November 10 (priority deadline for part 1 of the application is Oct. 1)
- *Citizenship:* U.S. citizen or permanent resident
- *Website:* <http://www.gemfellowship.org/students/gem-fellowship-program/>

### Raptor Research Foundation (RRF) Dean Amadon Grant

The Dean Amadon Grant is designed to assist persons working in the area of distribution and systematics (taxonomy) of raptors. Systematics covers a wide array of interests from molecular work to differential migration of populations from various geographic regions, for example. Distribution also covers a wide array of interests but should have something to do with where raptors live or why they are there. One grant of \$2,000 will be awarded.

- *Deadline:* June 30
- *Citizenship:* Unrestricted
- *Website:* <https://raptorresearchfoundation.org/grants-awards/amadon-grant/>

### WaterReuse Arizona Scholarship

WaterReuse Arizona is comprised of state water professionals working together to encourage and assist communities achieve sustainable water supplies through reclamation and reuse. The Mission of WaterReuse Arizona is to promote the responsible stewardship of Arizona's water resources through education and advocacy for the best use of all water supplies. WaterReuse Arizona will award two \$3,000 scholarships to Arizona university and college students. The purpose of this award is to encourage full-time students with a focus on wastewater reclamation, water reuse, and/or desalination. The scholarships will be awarded in July 2023 at the Arizona Water Reuse Conference in Flagstaff, Arizona.

- *Deadline:* June 15, 2023
- *Citizenship:* Unspecified
- *Website:* <https://watereuse.org/sections/watereuse-arizona/>

---

## POSTDOCTORAL OPPORTUNITIES

---

American Association for the Advancement of Science (AAAS) Science & SciLifeLab Prize for Young Scientists

The Prize is awarded annually to one young scientist for outstanding life science research for which he/she was awarded a doctoral degree in the previous two years. The topic of the entrant's thesis research must be in one of the following categories: Cell and Molecular Biology; Genomics, Proteomics and Systems Biology; Ecology and Environment; Molecular Medicine. Eligible entrants must have been awarded their doctoral degree in 2021 or 2022, and the subject of their thesis should match one of the Subject Tracks. The winners from each category will compete for the grand prize. The prize award is USD 30,000 for the grand prize winner, and USD 10,000 for each of the category winners.

- *Deadline:* July 15, 2023
- *Citizenship:* Unrestricted
- *Website:* <https://www.science.org/content/page/science-scilifelab-prize-young-scientists>
  - <https://scienceprize.scilifelab.se>

### [American Association for the Advancement of Science \(AAAS\) Science & Technology Policy Fellowships \(graduate and postdoc\)](#)

AAAS Science & Technology Policy Fellowships (STPF) provide opportunities to outstanding scientists and engineers to learn first-hand about policy-making while contributing their knowledge and analytical skills to the federal policy-making process. Fellows serve yearlong assignments in the executive, legislative, and judicial branches of the federal government in Washington. Each year, the program adds to a growing corps over 3,400 strong of policy-savvy leaders working across academia, government, nonprofits and industry to serve the nation and the world. This fellowship is a transformative career opportunity. Fellows are a respected and coveted cadre in the federal policy arena. Applicants must hold a doctoral level science degree or a master's in engineering.

- *Deadline:* November 1
- *Citizenship:* U.S. citizen
- *Website:* <https://www.aaas.org/page/stpf/become-st-policy-fellow>

### [CDC Epidemic Intelligence Service \(EIS\) Officers \(graduate and postdoc\)](#)

EIS officers serve on the front lines of public health, protecting Americans and the global community, while training under the guidance of seasoned mentors. When disease outbreaks or other public health threats emerge, EIS officers investigate, identify the cause, rapidly implement control measures, and collect evidence to recommend preventive actions. EIS officers: Receive hands-on experience as they complete a 2-year public health service fellowship; Identify and respond to health threats using applied epidemiology; Gain practical skills in communications, project management, partnership development, and more to prepare them for future leadership; and Work within multidisciplinary teams while building a long-lasting public health network. You must be willing to commit to this 2-year, full-time fellowship (beginning in July) and relocate to your assignment. Physicians, veterinarians, nurses, doctoral-level scientists with background in public health or one of its disciplines, and other healthcare professionals (e.g., dentists, pharmacists) are eligible to apply.

- *Deadline:* June 5, 2023

- *Citizenship:* Unrestricted. Because of the program's domestic focus, a very limited number of non-U.S. citizens are selected each year.
- *Website:* <https://www.cdc.gov/eis/application/index.html>

### Fulbright U.S. Scholar Program

The Fulbright U.S. Scholar Program offers teaching, research or a combination of teaching and research awards in over 135 countries. Opportunities are available for college and university faculty and administrators as well as for professionals, artists, journalists, scientists, lawyers, independent scholars and many others. Interested faculty and professionals are encouraged to learn more about these opportunities, and hundreds of others, by visiting the [Catalog of Awards](#).

- *Deadline:* September 15, 2023
- *Citizenship:* U.S. citizen
- *Website:* <https://cies.org/us-scholar-awards>
- *Site Contact:* If you are interested in applying or simply want more information, contact the [Office of Nationally Competitive Scholarships](#) at [oncs@email.arizona.edu](mailto:oncs@email.arizona.edu). Students must apply through this office.

### Helen Hay Whitney Foundation Research Fellowship (for early postdoctoral research training in all basic biomedical sciences)

The Helen Hay Whitney Foundation supports early postdoctoral research training in all basic biomedical sciences. To attain its ultimate goal of increasing the number of imaginative, well-trained and dedicated medical scientists, the Foundation grants financial support of sufficient duration to help further the careers of young men and women engaged in biological or medical research. Stipends of \$68,000, \$70,000, and \$72,000 will be provided for the first, second, and third year of the award, respectively. Additionally, a research allowance of \$1,500 will be offered each year.

- *Deadline:* June 15, 2023
- *Citizenship:* Unrestricted
- *Website:* <http://hhwf.org/research-fellowship/>

### Human Frontier Science Program (HFSP) Postdoctoral Fellowships

HFSP postdoctoral fellowships encourage early career scientists to broaden their research skills by moving into new areas for study while working in a new country. HFSP fellowships are for three years. Long-Term Fellowships (LTF) are for applicants with a PhD on a biological topic who want to embark on a novel and frontier project focusing on the life sciences. Cross-Disciplinary Fellowships (CDF) are for applicants who hold a doctoral degree from a non-biological discipline (e.g. physics, chemistry, mathematics, engineering or computer sciences) and who have not worked in the life sciences before.

- *Deadline:* May 11, 2023 (letter of intent due); September 28, 2023 (full application due).
- *Citizenship:* Unrestricted
- *Website:* <https://www.hfsp.org/funding/hfsp-funding/postdoctoral-fellowships>

### NSF Mathematical Sciences Postdoctoral Research Fellowships

The purpose of the MSPRF is to support future leaders in mathematics and statistics by facilitating their participation in postdoctoral research environments that will have maximal impact on their future scientific development. There are two options for awardees: Research Fellowship and Research Instructorship. Awards will support research in areas of mathematics and statistics, including applications to other disciplines. Fellowship awards are for a total of \$190,000. The duration of a Fellowship award is 48 months, during which stipend support is provided for 24 months (18 academic-year months plus 6 summer months).

- *Deadline:* October 18, 2023
- *Citizenship:* U.S. citizen, national, or a legally admitted permanent resident
- *Website:* [https://www.nsf.gov/funding/pgm\\_summ.jsp?pims\\_id=5301](https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5301)

### The National Academies of Sciences, Engineering, and Medicine Army Research Laboratory (ARL) Distinguished Postdoctoral Fellowship

For more than 50 years, the Army Research Laboratory (ARL) has conducted the great majority of the Army's basic science programs. Currently, ARL scientists and engineers are pioneering research in such areas as neuroscience, energetic materials and propulsion, electronics technologies, network sciences, virtual interfaces, and synthetic environments and autonomous systems. In recognition of these outstanding achievements in research, ARL has established five named fellowships. The ARL Distinguished Postdoctoral Fellowships will provide the opportunity for recipients to pursue independent research of their own choosing that supports the mission of ARL. The Fellow benefits by having this opportunity and by working alongside some of the Nation's best scientists and engineers. ARL benefits by the expected transfer of new science and technology that enhances the capabilities of the U.S. Army and the warfighter in times of both peace and war. Candidates are expected to have already successfully tackled a major scientific or engineering problem during their thesis work or to have provided a new approach or insight, evidenced by a recognized impact in their field.

- *Deadline:* June 13, 2023
- *Citizenship:* There are no citizenship requirements; however, selected fellows must successfully complete a Department of Defense clearance process, requiring a background security investigation. Foreign nationals must get further DoD approval, requiring a background investigation. If needed, J-1 research scholar visas may be sponsored for fellows; this will be determined on a case-by-case basis at the time of the award.

### The National Academies of Sciences, Engineering, and Medicine National Research Council (NRC) Postdoctoral and Senior Research Awards

The National Academies of Sciences, Engineering, and Medicine conducts the NRC Postdoctoral and Senior Awards program which offers competitive awards four times a year for postdoctoral and senior scientific research to be conducted in residence at participating US federal laboratories and affiliated institutions. Award recipients design

their own projects to be compatible with the research interests of the sponsoring laboratory. Awardees have the opportunity to: conduct independent research in an area compatible with the interests of the sponsoring laboratory; devote full-time effort to research and publication; access the excellent and often unique facilities of the federal research enterprise; and collaborate with leading scientists and engineers at the sponsoring laboratories. Awards are initially for 12 months with renewal for a second or third year determined by evaluation of the Associate's progress, and the availability of funding; Senior awards may be for shorter periods.

- *Deadlines:* August 1; November 1; February 1; May 1
- *Citizenship:* Varies, see opportunity

### Washington Research Foundation Postdoctoral Fellowships

WRF supports STEM research at nonprofit institutions in Washington state, with a focus on life sciences and enabling technologies. WRF will support up to 10 new highly creative and dedicated postdoctoral scientists each year at research institutions in Washington state. Fellows will conduct groundbreaking work on their own original projects addressing unmet public needs. Our ultimate goal is for the Fellows' research to benefit the public through the creation of products and services. Fellows will: be supported for three years at an eligible [research institution](#) in Washington state; choose the laboratories at which they will conduct their research; choose a 2022 start date of January 1, April 1, July 1 or October 1; receive a stipend of \$70,000 for the first year, \$72,500 for the second year and \$75,000 for the third year, plus benefits; have a budget of up to \$5,000 per year for research supplies, equipment and/or travel; and will attend periodic lectures and networking events.

- *Deadline:* June 26, 2023.
- *Citizenship:* Must be authorized to work in the U.S.
- *Website:* <http://wrfseattle.org/details-eligibility.php>
